DFW CONNECTOR: PROJECT REACHES KEY MILESTONE NEAR DFW AIRPORT

NorthGate Constructors to open new construction north of DFW Airport

GRAPEVINE (November 17, 2011) — This weekend, NorthGate Constructors will open two new pieces of construction into the Dallas-Fort Worth International Airport: the southbound International Parkway bridge over SH 114 and the eastbound SH 114 to southbound International Parkway ramp. This work is being completed ahead of schedule, allowing DFW Airport travelers easier access into the airport's north entrance.

To allow for this traffic switch, the following closures will be in place from **8 p.m. on Friday, November 18 to 6 a.m. on Monday, November 21**:

- **Full highway closure** on southbound SH 121/International Parkway at the westbound SH 114 off-ramp. [Click here for a detour map.](#)
- **Full ramp closure** on the westbound SH 114 off-ramp to DFW Airport. Traffic will be detoured to Freeport Parkway.
- The southbound SH 121/International Parkway ramp to westbound SH 114 will be reduced to one lane.
- The eastbound SH 114 to northbound SH 121 bridge will be reduced to one lane.

When these closures are in place, motorists coming from the east should exit Freeport Parkway to access DFW Airport; motorists coming from the west should exit Texan Trail to access DFW Airport. ***Anyone driving to DFW Airport this weekend is strongly encouraged to leave extra time to get to the airport.***
