### **WORK TO BEGIN IN EARLY 2010 ON DFW CONNECTOR PROJECT** NorthGate Constructors expects to begin construction on February 15, 2010

**IRVING (December 8, 2009)** — The Texas Department of Transportation (TxDOT) formally approved all plans and schedules for the DFW Connector Project, on Tuesday, clearing the way for NorthGate Constructors to begin construction on February 15, 2010.

The \$1.02 billion project is being built under a comprehensive development agreement (CDA) between TxDOT and NorthGate Constructors. The CDA allows for NorthGate Constructors to design and build the project simultaneously, shortening the time needed to deliver the project.

This 8-mile project will improve safety, mobility and air quality by doubling roadway capacity, with the addition of new general purpose lanes, toll managed lanes and continuous frontage roads. The project will be complete by 2014.

Information on the DFW Connector Project corridor is available online at [www.dfwconnector.com](http://www.dfwconnector.com)
