### **DFW CONNECTOR: WEEKEND CLOSURES FOR DEMO** NorthGate Constructors to demolish west side of William D. Tate Bridge

**GRAPEVINE (November 9, 2011)** — This weekend, NorthGate Constructors will demolish the old west side of William D. Tate Bridge.

In order to demolish this side of the bridge and clear debris, the following closures will be in effect *continuously* from 8 PM on Friday, November 11 to 6 AM Monday, November 14:

#### **8 PM on Friday, November 11 to 6 AM on Monday, November 14:**

1. **Full closure** on north and southbound William D. Tate Bridge; traffic will be detoured to Main Street and SH 26.
2. **Full highway closure** on east and westbound SH 114 under William D. Tate Avenue; traffic will be detoured to the east and westbound SH 114 frontage roads.
3. **Full ramp closure** on the northbound SH 121 off-ramp to William D. Tate Avenue; traffic will be detoured to Texan Trail.

Click [here](#) to see detour maps for these weekend closures (or see attached PDF), and visit our [project website](#) for more information.

Please note that once bridge demolition is complete, the William D. Tate Bridge and northbound SH 121 off-ramp to William D. Tate Avenue will open. East and westbound SH 114 under William D. Tate Avenue will remain closed until crews clear all bridge debris from the roadway.

During these weekend closures, access to all businesses will be maintained through the east and westbound SH 114 frontage roads.

The \$1.02 billion DFW Connector project is being built under a comprehensive development agreement between TxDOT and NorthGate Constructors allowing for NorthGate to design and build the project simultaneously, shortening the time needed to deliver the project. Information on the Project is available online at [www.dfwconnector.com](http://www.dfwconnector.com) or the Info Hotline at 877-411-4212.
